

Please DO NOT take my K-Love station away. I listen to 96.9 in West Milton Ohio. This station has done so much for my family and I. It is church for us. For along time my husband had to work on Sundays and this was his way of hearing the word of GOD. I teach a middle school Sunday School class on Sunday mornings at our local Methodist Church. I refer to the songs I hear on K-love and these kids listen to this station. We play this music in our worship service. It is so great to hear teenagers singing along to music that they hear on K-love. It is an inspiration to all ages. My children's friends ride in the car with us and most of them do not attend a church. They hear this music and they like it. They are hearing the word of GOD and they can be in a car in their room anywhere there is a radio. This is awesome. I love this. In our todays crazy world we need this music. We need this station. Please keep my K-love 96.9 Dayton, Ohio broadcast service. Thank You.
